Responsibility for Memorials

It is important to remember that it is you and not the cemetery or churchyard management, who is responsible for the maintenance of your memorial. If it should become dilapidated or unsafe, steps may be taken to lay it down or remove it. It is therefore wise to arrange for it to be regularly maintained - and insured.

Maintenance

Griffith Memorials Monumental Masons offer maintenance scheme, payable on an annual basis. Terms will vary but will generally include regular cleaning and checking. Minor problems may be corrected but more major ones will be brought to your attention.

Memorial Insurance

It is always advisable to insure a memorial against damage, vandalism and theft - and to make sure the cover takes effect immediately the stone is fixed in the cemetery or churchyard. **PLEASE ASK US FOR A BROCHURE**

Stoneguard Insurance is offered through Bridge Insurance brokers and The Royal & Sun Alliance and is available from Griffith Memorials.

Stoneguard safeguards your Memorial and covers the cost of repair or replacement if it is defaced or damaged over the years.

It is a sad reflection of today's society that many memorials suffer wanton vandalism.

And these attacks are not restricted to grand or elaborate memorials; often the simplest family stones are the target of malicious attacks or are accidentally damaged.

Whilst it is impossible to prevent this distressing possibility STONEGUARD ALL RISKS Insurance can ensure that any damage can be put right very quickly – even to total replacement of the Memorial

Monumental Maintenance Service Gravecare

An introduction to Grave Care

Grave Care is a service which involves us helping you to tend to the grave and memorial for your loved one. When your loved one passes away you may find that even though you start tending to the grave with good intentions, over time, visits to the grave of your loved one sometimes decrease. This is something that you may feel guilty about, but is quite common due to:

- Work Commitments.
- Family Commitments.
- Moving Abroad.
- Health Problems.
- Travel Arrangements.

Due to any of these or a number of other reasons, you are safe in the knowledge that on each visit to the grave of your loved one, the Grave Care service will:

- Trim off grass around memorials and plot.
- Remove and replace old flowers and plants.
- Remove litter, rubbish and weeds.
- Trim bushes, shrubs and trees.
- Wash and clean the memorials.
- Clean and if needed, replace flower pots.

Once this is carried out, a digital photograph will be taken and provided along with an inspection report which can either be sent in the post or emailed.

**PLEASE ASK A MEMBER OF STAFF FOR OUR
GRAVE CARE BROCHURE OR ANY ADVICE.**

We at Griffith Memorials are able to supply memorials from any of the following brochures if you wish to see these brochures they are all available at our office or we can bring them to you. If you have seen a memorial on-line or in the cemetery please forward us a Picture for us to give you a quotation. We specialise in designing personal bespoke memorials for you by sitting with you to design the shape, colour, and design.

Please ask a member of staff for further details.
